Hello! I'm Charlie Tatman from Grove City, Ohio.

I offer a few different options for your musical entertainment needs.

### ***Charlie Tatman Solo***

Just me, my guitar and a lot of fun. I play classic music from the southern and country rock genres as well as originals and tell a few jokes. This act is suited for venues that want medium energy level entertainment without the high volume levels of a band. This act is available anytime and has performed all over Ohio and Nashville, TN.

### ***Charlie Tatman Trio***

As the name implies, this is my three piece cover band. The band consists of drums, bass and guitar (acoustic and electric) and was formed for venues that want a higher energy level without as much volume as a four or five piece band. The set list includes originals as well as classic and southern rock covers and even some country and blues. If the crowd wants music to dance to or acoustic music for a social gathering we can tune this band to your venue and the crowd. This group is well suited for Moose, Eagles and other fraternal clubs. This act performs mostly weekends and local shows.

### ***The Charlie Tatman Band***

This is my four piece high energy cover band. Consisting of 2 guitars, drums and bass, we play mostly classic and southern rock cover songs and some originals. As with the 3 piece, the playlist is music you can dance to and sing along with. This act performs mostly weekends all over Ohio.

I don't use profanity from the stage. I may tell a joke or two but you won't hear the "F" word from ANY of these acts. As you will see on the playlist, all the music of these acts is dance music and geared to take people back to when good music was played.

Enclosed you will find a demo disc, business card, playlist, and a promo sheet for each act with pictures. To view a current schedule and other information please visit

I look forward to your reply. Please contact me at (614) 875-8489 if you need any further information or e-mail me via my website. Thanks again for the opportunity to entertain you!

## **Acoustic Music...Southern & Country Rock**

**Charlie Tatman's** soulful, bluesy, whiskey soaked voice, git-r-done attitude, and "just one of the boys" personality allows him to deliver the goods on stage. Whether performing for a large audience or a few friends around a campfire, everyone has a good time at a Charlie Tatman show, especially him! The quintessential entertainer, Charlie mixes rock and roll and country music into his own blend of southern and country rock. He then adds to that some story telling and a few jokes and he creates an intimate performance style no matter what size the venue. With songs from **Lynyrd Skynyrd, Bob Seger, The Eagles, John Mellencamp, Hank Jr.**, and others, as well as his own originals, his playlist will "Take you back home." They are songs you will recognize, sing along with and dance to.

Charlie has been playing and singing for as long as he can remember. Growing up the youngest son of a fire and brimstone Baptist preacher, he learned at an early age how to "sing, jump, shout and share the spirit!" He began playing guitar and started his first band in junior high school to perform at local talent shows and school functions and meet girls. Through the years he has played with several local bands, most of which played classic and southern rock as well as some country. His influences are the southern rock and classic rock bands of the seventies such as **Lynyrd Skynyrd, Bad Company, Molly Hatchet**, as well as **Bob Seger, Ted Nugent, Elvis**, and **Hank Jr.**

Charlie is a bike night favorite and has performed at many venues in and around Ohio, Kentucky, and Tennessee. He has opened up for such headliners as **Tim Rushlow (Little Texas), Danielle Peck, Ronnie Keel, Iron Horse**, and local favorites, **McGuffey Lane**.

In May of 2006 Charlie was signed by **CMG Records** in Nashville. His first CD **Free and Easy** was released in February of 2007 to great reviews and continues to be played on several internet and broadcast radio stations around the world. It was voted the #5 Independent Release of the year by **Swampland.com**. The 10 song CD runs the gambit of styles. Some songs are ballads, others are straight ahead rockers. Some are country and others are bluesy. These styles all reflect the music that Charlie grew up on and loves.

*Don Retterer*  
*Bass and Vocals*

*The Charlie Tatman Trio* was formed as *Triple Threat* in 2006 when local entertainer and CMG recording artist *Charlie Tatman* saw the need for a tight three piece group to play shows that needed more power than he could generate with his solo act but could still fit into smaller clubs with less volume than his full band. The perfect solution was his longtime friends and rhythm section from his former band *Whiskey Flashback*, bass player *Don Retterer* and drummer *Doug Bryant*. The Trio can fit into smaller venues and play a wide variety of music styles. If the crowd wants to rock out and dance or just listen to music at a level people can talk to each other, we can tune this band to your venue and the crowd.

There is always something in their set list that is sure to please. Just check out their song list and count how many of the songs are your favorites. They are available weekends and weeknights for any situation that you desire musical entertainment. Their set list consists of songs you can sing along with and dance to, and their performance is geared toward the venue. If it's acoustic music for a friendly get together or southern and classic rock for the party crowd, the *Charlie Tatman Trio* can deliver!
